AUTHENTIC DOWN-TO-EARTH STREETWEAR

BAPTIST | B. presents the new **Fall Winter Collection 1415** - Authentic Streetwear with a Down-To-Earth Attitude. „Newfangled Classics“ and „Refined and Cultured“ characterise the new styles. This seasons collection comes in a Heritage Line and Fashion Line.

Traditional cuts with a modern character define the styles of the **Heritage Line** and represent the history and tradition of the company. Field Jackets, Parker, Duffle Coats and more styles - based on the work of Johann Baptist Bieber in 1908 - innovated by us.

„Refined and Cultured“ stands for our **Fashion Line** where you can find fashionable Jackets, Vests, Short Coats, T-Shirts and Cardigans. Our collection is complemented by Slacks and different accessories like our limited edition Ethno Handbag (handmade in Germany by airbag craftworks).

Beside high quality fabrics from Italy we use fabrics from traditional weaving mills like Woolrich (U.S.A.), British Millerrain (GB) or TOKI (JP).

The brand **BAPTIST | B.** is managed by Simon Bieber (fourth generation of family Bieber) and Dominik Zimmermann since 2013. They keep up the tradition and bring the values and quality of the former custom tailor atelier in today's life.

We love the life and like to share our passion for music, art, travel and pleasure through the label and fashion of **BAPTIST | B.**
